Contracting Officer, SP-1913

Subject: Reduction of one "C" Configuration

Pursuant to George's discussion with Ed on his recent trip, we are stopping work on one of the three "C" configuration packages ordered under SP-1913. (Considerable material and labor has already gone into the unit received, but savings will be effected in final assembly of the hatch, [REDACTED] and ship 25X1A installation.)

Confirmation of this reduction in quantity is requested.

Very truly yours,

Bob
